Hire to stay: Build a talent pipeline that lasts

Struggling with retention? Taking a closer look at workforce planning strategies, including onboarding, benefits, compensation, training, and development can help build and keep a strong talent pipeline in place.

You and your clients can get started right away with tools, templates, and innovative solutions from Paychex, including:

- **HR Talent Management System**, available through Paychex Flex®, provides a seamless experience for hiring, onboarding, and managing your employees
- **Benchmarking data** on compensation and industry trends through Paychex Partner Pro®
- **Dedicated HR guidance** to simplify employee management, ensure compliance, and improve retention using employee development, training, and career pathing options
- **Competitive employee benefit plans** that rival those of Fortune 500 companies, including retirement plans, group health insurance, and an employee assistance program (EAP)

Rely on Paychex to support your workforce planning and retention efforts.
