

Michigan Association of CPAs
Annual Report on Peer Review Activities
For Peer Reviews accepted from 1/1/2022 – 12/31/2022.
Date Issued: January 31, 2023

I. Administering Entity Oversight Process and Procedures

In accordance with the AICPA Peer Review Program Standards, all peer reviews and peer reviewers are subject to oversight. The MICPA will conduct annual oversights on a sample of reviews/reviewers as dictated in Program Standards.

A member of the MICPA Peer Review Report Acceptance Body (RAB) or designee will perform the oversight. Both firms and peer reviewers are subject to oversight.

Oversights may include visiting the firm as part of the peer review process or reviewing specific engagements. Oversights may also be performed after a review is complete. The oversight reviewer will follow the guidance laid out in the AICPA Peer Review oversight manual to conduct the oversight.

Firms may be selected for oversight based on several factors included by not limited to the type of peer review reports received in the past, high risk engagements, a firms first peer review, or just by random selection.

Reviewers may be selected for oversight due to factors such as but not limited to, frequent submission of pass reports, conducting reviews for firms with audits in high-risk industries, past performance deficiencies, or random selection.
